### TRAVEL INSURANCE

Our solid recommendation to any traveler planning a trip to The Philippines is: make buying a general travel insurance policy a part of your planning before you depart— don't leave home without it as generally liabilities and insurance coverage is basic and limited here in The Philippines.

Travelers assume complete and full responsibility for, and hereby release the agent from any duty of, checking and verifying any and all passport, visa, vaccination, or other entry requirements of each destination, and all safety or security conditions at such destinations, during the length of the proposed travel.
